

After-Meeting Evaluation Form

Meeting: Business School Dialogue Day on e-assessment **Date:** 17/3/10

Who attended from the Students' Union:

Hannah Moyes, Business School Faculty Rep

Key outcomes for Students:

- E-submissions will not be anonymous on moodle!!!! Although there is a method for doing so which just involves students logging in with their student number instead of their name.
- There is currently no receipt process when handing in online, but one is being created using email receipts.
- Online submission will not be used on all modules, only where it is appropriate for the assessment.

Any other points of interest:

- They are creating a policy about different formats, so it maybe the case that in future if it is unreadable on their computer, it will be classed as a fail.
